FOR Release 17th January 2008, 18:00:

Industry giant Microsoft returns as Code Generation event Gold sponsor

We are very pleased to welcome Microsoft as a returning Gold sponsor for Code Generation 2008.

Founded in 1975, Microsoft is the worldwide leader in software, services and solutions that help people and businesses realize their full potential.

Microsoft is delighted to be involved with the Code Generation 2008 conference as part of their ongoing commitment to supporting and promoting UK technical communities. Microsoft UK provides a wide number of free software, resources and events for developers, software architects and IT professionals.

In an earlier development it was announced that Steve Cook, architect of Microsoft's Domain-Specific Modelling tools was to keynote the event.

[Code Generation 2008](#) brings together industry experts and leading vendors from areas such as model-driven development, software factories and domain-specific languages in a three-day event covering the practical application of code generation tools and technologies.

The event takes place in Cambridge, UK from June 25th-27th 2008. For more information visit the [Code Generation 2008](#) web site.
